#### **Highlights for the six months ended June 30, 2023:**

- Added 102 stores (91 stores net) to the Company's third-party management platform.

Joe Margolis, CEO of Extra Space Storage Inc., commented: “We maintained strong occupancy of 94.5%, driving same-store revenue growth of 2.7% in the quarter, despite exceptionally difficult year over year comparables from pandemic highs. While property net operating income and Core FFO were both on budget in the quarter, we have revised our outlook for the back half of the year due to lower than expected new customer rates in June and July.

We remain confident in the durable nature of self-storage, and the strength of the Extra Space platform, which was enhanced through our recent merger with Life Storage. The strategic combination increases the diversification and scale of our portfolio and our balance sheet as recognized in our recent upgrade to BBB+ by S&P. We expect to create at least \$100 million in synergies through the transaction, and to enhance our future internal and external growth through our increased scale.”

**FFO Per Share:**

The following table (unaudited) outlines the Company's FFO and Core FFO for the three and six months ended June 30, 2023 and 2022. The table also provides a reconciliation to GAAP net income attributable to common stockholders and earnings per diluted share for each period presented (amounts shown in thousands, except share and per share data):

(1) Per share amounts may not recalculate due to rounding.

(2) Adjustment to account for the difference between the number of shares used to calculate earnings per share and the number of shares used to calculate FFO per share. Earnings per share is calculated using the two-class method, which uses a lower number of shares than the calculation for FFO per share and Core FFO per share, which are calculated assuming full redemption of all OP units as described in note (3).

(3) Extra Space Storage LP (the "Operating Partnership") has outstanding preferred and common Operating Partnership units ("OP units"). These OP units can be redeemed for cash or, at the Company's election, shares of the Company's common stock. Redemption of all OP units for common stock has been assumed for purposes of calculating the weighted average number of shares — diluted, as presented above. The computation of weighted average number of shares — diluted, for FFO per share and Core FFO per share also includes the effect of share-based compensation plans.

**Balance Sheet:**

During the three months ended June 30, 2023, the Company completed a public bond offering issuing \$450.0 million of 5.5% senior unsecured notes due 2030. The Company also amended and restated its credit facility, increasing revolving capacity to \$1.94 billion (from \$1.25 billion) and extending the maturity of the revolving commitment to June 2027. As part of the amendment, the Company also paid off a term loan within the credit facility of \$425.0 million and added a term loan within the credit facility of \$1.0 billion. The new term loan was not drawn at June 30, 2023, but was drawn in full on July 20, 2023 in conjunction with the closing of the Life Storage Merger.

During the three months ended June 30, 2023, the Company did not issue any shares on its ATM program, and it currently has \$800.0 million available for issuance. On July 19, 2023, the Company paid a dividend of \$1.01 per share to stockholders of record at the close of business on July 13, 2023, in conjunction with the Life Storage Merger. It is anticipated that Extra Space will pay an additional dividend for the third quarter, keeping with the Company's customary quarterly dividend timing. The pre-closing dividend will be attributed to the total amount paid for the third quarter, so that between the pre-closing dividend and the additional quarterly dividend to be paid, an Extra Space stockholder will receive a total dividend consistent with the amount that the Company's board of directors would have otherwise declared for the whole third quarter but for the Life Storage Merger closing.

In some cases, forward-looking statements can be identified by terminology such as "believes," "estimates," "expects," "may," "will," "should," "anticipates," or "intends," or the negative of such terms or other comparable terminology, or by discussions of strategy. We may also make additional forward-looking statements from time to time. All such subsequent forward-looking statements, whether written or oral, by us or on our behalf, are also expressly qualified by these cautionary statements. There are a number

of risks and uncertainties that could cause our actual results to differ materially from the forward-looking statements contained in or contemplated by this release. Any forward-looking statements should be considered in light of the risks referenced in the “Risk Factors” section included in our most recent Annual Report on Form 10-K and Quarterly Reports on Form 10-Q. - the uncertainty of expected future financial performance and results of the combined company following completion of the Life Storage merger;
- failure to close pending acquisitions and developments on expected terms, or at all;
- the effect of competition from new and existing stores or other storage alternatives, including increased or unanticipated competition for our or Life Storage’s properties, which could cause rents and occupancy rates to decline;
- potential liability for uninsured losses and environmental contamination;
- the impact of the regulatory environment as well as national, state and local laws and regulations, including, without limitation, those governing real estate investment trusts (“REITs”), tenant reinsurance and other aspects of our business, which could adversely affect our results;
- our ability to recover losses under our insurance policies;
- disruptions in credit and financial markets and resulting difficulties in raising capital or obtaining credit at reasonable rates or at all, which could impede our ability to grow;

- economic uncertainty due to the impact of natural disasters, war or terrorism, which could adversely affect our business plan.

All forward-looking statements are based upon our current expectations and various assumptions. **Definition of FFO:**

FFO provides relevant and meaningful information about the Company’s operating performance that is necessary, along with net income and cash flows, for an understanding of the Company’s operating results. The Company believes FFO is a meaningful disclosure as a supplement to net income. Net income assumes that the values of real estate assets diminish predictably over time as reflected through depreciation and amortization expenses. The values of real estate assets fluctuate due to market conditions and the Company believes FFO more accurately reflects the value of the Company’s real estate assets. FFO is defined by the National Association of Real Estate Investment Trusts, Inc. (“NAREIT”) as net income computed in accordance with U.S. generally accepted accounting principles (“GAAP”), excluding gains or losses on sales of operating

stores and impairment write downs of depreciable real estate assets, plus depreciation and amortization related to real estate and after adjustments to record unconsolidated partnerships and joint ventures on the same basis. The Company believes that to further understand the Company's performance, FFO should be considered along with the reported net income and cash flows in accordance with GAAP, as presented in the Company's consolidated financial statements. FFO should not be considered a replacement of net income computed in accordance with GAAP.

For informational purposes, the Company also presents Core FFO. Core FFO excludes revenues and expenses not core to our operations and non-cash interest. Although the Company's calculation of Core FFO differs from NAREIT's definition of FFO and may not be comparable to that of other REITs and real estate companies, the Company believes it provides a meaningful supplemental measure of operating performance. The Company believes that by excluding revenues and expenses not core to our operations and non-cash interest charges, stockholders and potential investors are presented with an indicator of our operating performance that more closely achieves the objectives of the real estate industry in presenting FFO. Core FFO by the Company should not be considered a replacement of the NAREIT definition of FFO. The computation of FFO may not be comparable to FFO reported by other REITs or real estate companies that do not define the term in accordance with the current NAREIT definition or that interpret the current NAREIT definition differently. FFO does not represent cash generated from operating activities determined in accordance with GAAP, and should not be considered as an alternative to net income as an indication of the Company's performance, as an alternative to net cash flow from operating activities as a measure of liquidity, or as an indicator of the Company's ability to make cash distributions.

#### **Definition of Same-Store:**

The Company's same-store pool for the periods presented consists of 914 stores that are wholly-owned and operated and that were stabilized by the first day of the earliest calendar year presented. The Company considers a store to be stabilized once it has been open for three years or has sustained average square foot occupancy of 80.0% or more for one calendar year. The Company believes that by providing same-store results from a stabilized pool of stores, with accompanying operating metrics including, but not limited to occupancy, rental revenue (growth), operating expenses (growth), net operating income (growth), etc., stockholders and potential investors are able to evaluate operating performance without the effects of non-stabilized occupancy levels, rent levels, expense levels, acquisitions or completed developments. Same-store results should not be used as a basis for future same-store performance or for the performance of the Company's stores as a whole. No modification has been made to the same-store pool to include any assets acquired from Life Storage.
