**PROXY STATEMENT
FOR ANNUAL MEETING OF STOCKHOLDERS**

**to be held 11:00 a.m., Mountain Daylight Time, May 23, 2007
at the Grand America Hotel, 555 South Main Street, Salt Lake City, Utah 84111**

We are furnishing this proxy statement to our stockholders in connection with the 2007 annual meeting of stockholders.

Our board of directors is soliciting proxies of our stockholders to vote their shares at the annual meeting. These proxy materials have been prepared by our management for the board of directors. This proxy statement and the accompanying form of proxy are first being sent to our stockholders on or about April 18, 2007.

VOTING

Voting Shares at the Annual Meeting

A stockholder is entitled to vote at the annual meeting if our records show that the stockholder was a stockholder of record as of the close of business on March 31, 2007, the date our board of directors has selected as the record date for this meeting. At that time, a total of 64,274,353 shares of our common stock were outstanding and entitled to vote. Each share of our common stock has one vote. Proxy cards accompanying this proxy statement show the number of shares that each stockholder of record is entitled to vote.

Stockholders at the annual meeting will consider the election of directors and the other items listed on the notice of meeting. They may vote in favor of some or all of the nominees for director or may withhold their votes from some or all of the nominees. For all other proposals, they may vote for or against, or they may abstain from voting.

Stockholders may vote in person at the annual meeting, or they may grant a proxy by marking, signing, dating, and returning the proxy cards in the postage paid envelopes provided.

Shares will be voted as the stockholder of record instructs. The persons named as proxies on the proxy card, signed by the stockholder of record, will vote as recommended by our board of directors on any matter for which a stockholder has not given instructions. The board of directors' recommendations appear on page 2.

Revoking a Proxy

Stockholders of record may revoke their proxy and change their votes any time before their votes are cast by:

- giving written notice of revocation to our Corporate Secretary at our address prior to the annual meeting,
- signing and forwarding to us a later dated proxy, or
- attending the annual meeting and voting their common stock in person.

Quorums and Vote Counting

The annual meeting requires a quorum, which means that a majority of the shares issued and outstanding at the record date are represented at the meeting. If a stockholder grants a proxy or attends the meeting in person, that stockholder's shares will be counted to determine whether a quorum is present, even if the stockholder abstains from voting on some or all matters introduced at the meeting. "Broker nonvotes" (as described below) also count for quorum purposes.

If shares are held through a broker, bank or other nominee, generally the nominee may vote the shares it holds for the stockholder in accordance with the stockholder's instructions. However, if the nominee has not received instructions within ten days of the meeting, the nominee may vote in its discretion only on matters that the New York Stock Exchange (the "NYSE") determines to be routine. If a nominee cannot vote on a particular matter because it is not routine, there is a "broker nonvote" on that matter.

The seven nominees for director who receive the highest vote totals will be elected as directors. All other matters must be approved by a majority of the votes cast by stockholders who are present or represented and entitled to vote at the annual meeting. Abstentions and broker nonvotes are counted as present and entitled to vote, but they are not counted as votes for or against any proposal and therefore have no effect on the outcome of the election of directors or the proposal to ratify our Audit Committee's selection of our independent registered public accounting firm for 2007.

American Stock Transfer & Trust Company, our transfer agent and registrar, will assist in the distribution of proxy materials and tabulation of votes.

Costs of Soliciting Proxies

We are paying the costs of soliciting proxies. In addition to solicitation by mail, certain of our directors, officers and regular employees may solicit the return of proxies by telephone, facsimile, personal interview or otherwise without being paid additional compensation. We will also reimburse brokerage firms and other persons representing the beneficial owners of our shares for their reasonable expenses in forwarding proxy solicitation material to the beneficial owners in accordance with the proxy solicitation rules and regulations of the Securities and Exchange Commission (the "SEC") and the NYSE.

CORPORATE GOVERNANCE

Corporate Governance Guidelines

The Company has adopted corporate governance guidelines titled “Corporate Governance Guidelines” which are available at www.extraspace.com under Investor Relations—Corporate Governance. These principles were adopted by the board of directors to help ensure that the board of directors is independent from management, that the board of directors adequately performs its function as the overseer of management and that the interests of the board of directors and management align with the interests of the stockholders.

Director Independence

In accordance with the NYSE rules, the board of directors affirmatively determines the independence of each director and nominee for election as a director in accordance with the rules as listed on the NYSE website. We have not adopted any additional standards for independence outside those listed by the NYSE. The listing requirements of the NYSE require that a majority of the members of a listed company’s board of directors and that all members of its audit committee and compensation, nominating and governance committee be independent. Based on these standards, the board of directors has determined that each of the following non-employee directors is independent and has no relationship with the Company, except as a director and stockholder of the Company:

Anthony Fanticola
Joseph D. Margolis
Roger B. Porter
K. Fred Skousen

Nomination for Directors

The Compensation, Nominating and Governance Committee is responsible for screening potential director candidates and recommending qualified candidates to the board of directors for nomination. Stockholders’ nominations for directors must be made in writing and include the nominee’s written consent to the nomination and sufficient background information on the candidate to enable the

committee to assess his or her qualifications. Nominations must be addressed to the Company’s Corporate Secretary at the following address:

Extra Space Storage Inc., Attn: Corporate Secretary
2795 East Cottonwood Parkway, Suite 400
Salt Lake City, Utah 84121

Qualifications

The board of directors has developed criteria that are designed to describe the qualities and characteristics desirable for the board of directors as a whole.

The criteria are reviewed annually by the Compensation, Nominating and Governance Committee and the board of directors. In general, they require that each director:

- is committed to enhancing long-term stockholder value and possesses a high level of personal and professional ethics;
- has sound business judgment and integrity;
- has financial literacy or other business or professional experience relevant to understanding our business;
- has the ability to think and act independently; and
- has demonstrated the capacity to work constructively with others.

Further, it is important for the board of directors as a whole to operate in an atmosphere where the chemistry between and among members is a key element.

Communications with the Board and its Committees

Any stockholder may communicate with the board of directors by directing correspondence to the board of directors, any of its committees, or one or more of its individual members, in care of the Corporate Secretary, Extra Space Storage Inc., 2795 East Cottonwood Parkway, Suite 400, Salt Lake City, Utah 84121 or under “Stockholder Communication Policy” at www.extraspace.com.

Code of Business Conduct and Ethics

Our Code of Business Conduct and Ethics (the “Code”) outlines the principles of conduct and ethics to be followed by our employees, officers and directors, including our principal executive officer, financial officer and accounting officer. The purpose of the Code is to:

- promote honest and ethical conduct, including the ethical handling of actual or apparent conflicts of interest between personal and professional relationships;
- promote avoidance of conflicts of interest, including disclosure to an appropriate person or committee of any material transaction or relationship that reasonably could be expected to give rise to such a conflict;
- promote full, fair, accurate, timely and understandable disclosure in reports and documents that we file with, or submit to, the SEC and in other public communications made by the Company;
- promote compliance with applicable governmental laws, rules and regulations; promote the prompt internal reporting to an appropriate person or committee of violations of the Code; promote accountability for adherence to the Code;

- provide guidance to employees, officers and directors to help them recognize and deal with ethical issues; provide mechanisms to report unethical conduct; and
- help foster our longstanding culture of honesty and accountability.

A copy of the Code has been provided to, and signed by, each of our directors, officers and employees. A copy of our Code may be found on our website at www.extraspace.com.

Committee also oversees the operation of a comprehensive system of internal controls designed to ensure the integrity of our financial statements and reports and compliance with laws, regulations and corporate policies; oversees the independent auditor's qualifications, performance and independence; monitors communications with the independent auditor; and monitors the performance of the internal audit function at the Company. A copy of the charter is attached as Exhibit A to this proxy statement and available at the Company's website www.extraspace.com.

The following directors currently serve as members of the Company's Audit Committee:

K. Fred Skousen (Chair)
Roger B. Porter
Joseph D. Margolis

In accordance with the rules of the NYSE, the board of directors has determined that each of the current members of the Audit Committee is independent as defined by the Audit Committee's charter and Sections 303.01(B)(2)(a) and (3) of the NYSE Listing Standards.

The board of directors has determined that Mr. Skousen, is an "audit committee financial expert," as defined in the SEC's Regulation S-K, Item 407(d) (5). Biographical information for Mr. Skousen is found in "Information about the Board of Directors and its Committees—Nominees for Directors."

Report of the Audit Committee

The Audit Committee assists the board of directors in fulfilling its responsibility for oversight of the quality and integrity of the accounting, auditing and financial reporting practices of the Company, as well as the Company's compliance with corporate policies, legal and regulatory requirements, including the Sarbanes-Oxley Act of 2002. During fiscal 2006, the Audit Committee met ten times, and discussed with the Chief Executive Officer ("CEO"), Chief Financial Officer ("CFO"), controller, internal auditors and independent registered public accounting firm (external auditors), the SEC filings that contained financial information, prior to their public release. The Audit Committee's meetings include, whenever appropriate, executive sessions with the Company's independent registered public accountants and with the Company's internal auditors, in each case without the presence of the Company's management.

In discharging its oversight responsibility, the Audit Committee received from the external auditors a formal written statement describing all relationships between the external auditors and the Company that might bear on the external auditors' independence and discussed with the external auditors their independence and any relationships that may impact their objectivity and independence. The Audit Committee also discussed with management, the internal auditors and the external auditors the quality and adequacy of the Company's internal controls and the internal audit function's organization and responsibilities. The Audit Committee reviewed both with the external and internal auditors their audit plans, audit scope and identification of audit risks.

In carrying out its responsibilities, the Audit Committee, among other things:

- monitors preparation of quarterly and annual financial reports by the Company's management;
- supervises the relationship between the Company and its independent registered public accountants, including: having direct responsibility for their appointment, compensation and retention; reviewing the scope of their audit services; approving audit and non-audit services; and confirming the independence of the independent registered public accountants; and
- oversees management's implementation and maintenance of effective systems of internal and disclosure controls, including review of the Company's policies relating to legal and regulatory compliance, ethics and conflicts of interests and review of the Company's internal auditing program.

8

During fiscal 2006, management advised the Audit Committee that each set of financial statements reviewed had been prepared in accordance with U.S. generally accepted accounting principles, and reviewed significant accounting and disclosure issues with the Audit Committee. These reviews included discussion with the independent registered public accountants of matters required to be discussed pursuant to *Statement on Auditing Standards No. 61 (Communication with Audit Committees)*, including the quality of the Company's accounting principles, the reasonableness of significant judgments and the clarity of disclosures in the financial statements. The Audit Committee also discussed with Ernst & Young LLP matters relating to its independence, including a review of audit and non-audit fees and the written disclosures and letter from Ernst & Young LLP to the Audit Committee pursuant to *Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees)*.

In addition, the Audit Committee reviewed key initiatives and programs aimed at strengthening the effectiveness of the Company's internal and disclosure control structure. As part of this process, the Audit Committee met privately with the Company's head of Internal Audit and continued to monitor the scope and adequacy of the Company's internal auditing program, reviewing internal audit department staffing levels and steps taken to implement recommended improvements in internal procedures and controls. The Audit Committee conducted a performance self-evaluation for review with the board of directors that included a comparison of the performance of the Audit Committee with the requirements of its Charter.

As set forth in the Audit Committee's Charter, management of the Company is responsible for the preparation, presentation and integrity of the Company's financial statements. Management is also responsible for maintaining appropriate accounting and financial reporting principles and policies and internal controls and procedures that provide for compliance with accounting standards and applicable laws and regulations. The internal auditors are responsible for independently assessing such financial statements, principles and policies and internal controls and procedures as well as monitoring management's follow-up to any internal audit reports. The external auditors are responsible for planning and carrying out a proper audit of the Company's annual financial statements, reviews of the Company's quarterly financial statements prior to the filing of each Quarterly Report on Form 10-Q, and annually auditing management's assessment of the effectiveness of internal control over financial reporting and other procedures. The members of the Audit Committee are not full-time employees of the Company and are not performing the functions of auditors or accountants. As such, it is not the duty or responsibility of the Audit Committee or its members to conduct "field work" or other types of auditing or accounting reviews or procedures or to set auditor independence standards.

Taking all of these reviews and discussions into account, the undersigned Committee members recommended to the board of directors that the board of directors approve the inclusion of the Company's audited financial statements in the Company's Annual Report on Form 10-K for the year ended December 31, 2006, for filing with the SEC.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

The Compensation, Nominating and Governance Committee (for purposes of this analysis, “we,” “our,” “us,” and the “Committee”) of the board of directors operates under a written charter adopted by the board of directors. A copy of the charter is available at www.extraspace.com under Investor Relations—Corporate Governance. The fundamental responsibilities of the Committee as they relate to the compensation are:

- to review and approve an executive compensation philosophy that reflects the Company’s mission, values and long-term strategic objectives;
- to oversee the Company’s executive compensation programs in a manner that furthers the Company’s strategic goals and serves the interest of our stockholders;
- to evaluate the job performance of the Chief Executive Officer in light of those goals and objectives and establish the compensation of the CEO;
- to approve the total compensation levels of the senior executive officers and to allocate total compensation among the various components of executive pay;
- to monitor and administer awards under the Company’s equity compensation and incentive compensation plans; and
- to report routinely to the board of directors in executive sessions;

General Philosophy

We compensate our senior management through a mix of base salary, bonus and equity compensation to be competitive with comparable employers and to align management’s incentives with the long-term interests of stockholders. We have structured the executive compensation program to:

- reinforce a results-oriented culture with executive pay that reflects Company and individual performance against business objectives and high ethical standards;
- provide compensation that attracts, retains and motivates key executives;
- emphasize variable performance-based compensation, commensurate with an executive’s increasing responsibilities; and
- align the interests of stockholders and the Company’s executives by implementing compensation programs that provide for acquiring and retaining significant equity interests in the Company by senior executives.

Setting Executive Compensation

In order to ensure the fulfillment of the general philosophy as stated above and assist us in establishing the Company’s aggregate level of compensation, we engaged Hewitt Associates LLC, an

outside global human resources consulting firm, to conduct a study of the total compensation program for the senior executives at Extra Space and at 20 comparable companies. The companies used in the study were as follows:

- | | |
|---|---|
| * Alexandria Real Estate Equities, Inc. | * EastGroup Properties, Inc. |
| * Corporate Office Properties Trust | * Glenborough Realty Trust Incorporated |
| * Essex Property Trust, Inc. | * Inland Real Estate Corporation |
| * First Industrial Realty Trust | * Lexington Corporate Properties Trust |
| * Global Signal Inc. | * National Retail Properties Inc. |
| * Highwoods Properties, Inc. | * PS Business Parks, Inc. |
| * Home Properties, Inc. | * Sovran Self Storage, Inc. |
| * New Plan Excel Realty Trust, Inc. | * Sun Communities, Inc. |
| * Pennsylvania Real Estate Investment Trust | * U-Store-It Trust |
| * Public Storage, Inc. | * Washington Real Estate Investment Trust |

The above comparables included three direct competitors, Public Storage, Inc., Sovran Self Storage, Inc. and U-Store-It Trust. The remaining companies represent both publicly traded and private equity REITs with market capitalizations comparable to Extra Space and that generally recruit individuals to fill senior management positions who are similar in skills and background to those we recruit. The overall results of this study provided the starting point for our analysis. We also consider historical compensation levels, and the relative compensation levels among the Company’s senior executive officers. We may also consider industry conditions and the overall effectiveness of our compensation program in achieving desired performance levels.

The Committee attempts to design programs that deliver total compensation for executives that approximates the 50th percentile (size adjusted) of the compensation survey peer group for the achievement of “at target” performance. Actual payouts may be substantially above or below the 50th percentile depending on actual performance compared to the target.

Management’s Role in the Compensation-Setting Process

The CEO plays a significant role in the compensation setting process. The CEO’s participation involves the evaluation of senior management’s performance, establishing business performance targets and objectives, and recommending salary levels and equity awards.

Each named executive officer’s total compensation is comprised of the following elements designed to complement each other:

- *Base salary*
- *Annual Incentive Bonus*
- *Long Term Incentives*

Base Salary

Base salary is a critical element of executive compensation as it provides executives with assured monthly cash compensation. In determining base salaries, we consider the executive's qualifications and experience, scope of responsibilities, the goals and objectives established for the executive, the executive's past performance, and competitive salary practices at companies in the study group. In 2006, we paid base salaries of \$311,000, \$255,000, \$233,000, and \$260,000 for the CEO, CFO, CLO and COO, respectively.

For 2007, the approved base salaries for the CEO, CFO, CLO, and COO are \$400,000, \$325,000, \$275,000 and \$300,000, respectively.

Annual Incentive Bonus

The 2006 annual incentive bonus provides senior executives and key employees an opportunity to earn annual cash bonus for achieving specified performance based goals for the fiscal year. These performance based goals are tied to both individual performance as well as the operating performance of the Company. Cash bonuses for the named executive officers in 2006 ranged from 25% - 75% of their base salary. The cash bonus targets for the named executive officers were raised for 2007 to 50% - 100% of their base salary. These adjustments were made to help bring performance based compensation in line with compensation that approximates the 50th percentile (size adjusted) of the compensation survey peer group for the achievement of "at target" performance.

Fifty percent of the cash bonus is tied to the Company's financial performance while the other 50% relates to the successful completion of their individual and departmental goals. The financial performance goals set for 2006 specifically related to the Company's achievement of a specific Funds From Operations ("FFO") target. The portion of bonus based on FFO could increase or decrease based on meeting the FFO target. The 2006 FFO (as disclosed in the Management's Discussion and Analysis section of the Company's 2006 10-K) was equal to the targeted FFO and the full 50% related to achievement of this goal was paid to the senior executives.

The 2007 annual incentive bonus structure has not changed from 2006. Fifty percent of the cash bonus is based on a targeted FFO and the remaining 50% is based on successful completion of individual and departmental goals. The targeted FFO for the 2007 annual incentive bonus is based on the FFO goal as approved by the board of directors for fiscal year 2007.

Long Term Incentives

The Long Term Incentive Program allows for awards of stock options and grants of restricted stock under the Company's 2004 Incentive Plan. During 2006, on the recommendation of management, equity awards were not considered as part of the total compensation package for certain of the senior executives, in light of the large bonuses paid in connection with the acquisition of Storage USA. Some spot awards were granted for particular employees in light of promotions and additional responsibilities.

The Committee believes that the granting of equity as a long term incentive is a useful tool in the compensation of the Company's executive officers and resumed granting of these awards in the first quarter of 2007. The goals of the Company's equity awards are to: (1) align the interests of each executive officer with those of our stockholders by providing each individual with a significant incentive to manage the Company from the perspective of a stockholder with an equity stake in the business, and (2) encourage long-term retention of key employees by virtue of vesting conditions imposed on typical equity awards. Employees must remain employed by the Company for a fixed period of time in order for the equity awards to vest fully. Typically, option awards and grants of restricted stock vest over a four-year period at the rate of 25% per year and the options have a term of ten years. Vesting ceases upon termination of employment and unvested options and grants of restricted stock terminate upon termination of employment. The right to exercise vested options ceases 90 days after termination of employment, except that in the case of death, disability or retirement, the exercise period extends until one year after such termination of employment. Prior to the exercise of an option, the holder has no rights as a stockholder with respect to the shares subject to such option, including voting rights and the right to receive dividends or dividend equivalents.

Long-term incentives assist the Company in concentrating employee efforts and providing rewards based on attaining performance goals over a number of years, a focus that the Committee believes is

important to the Company's long-term success. Compensation in the form of option awards and grants of restricted stock also helps align the interests of executives with those of shareholders. In granting equity based awards, the Committee takes into account such factors as it determines to be appropriate under the circumstances, including the officer's current position with the Company, internal comparability with awards made to other Company executives and in similarly situated companies, the officer's current level of performance, and the officer's long-term value to the Company.

The exercise price of our stock option grants is the fair value of our common stock, which is the close price of our common stock on the date of grant. Stock option awards and grants of restricted shares are discussed and reviewed at regularly scheduled meetings of the Committee. By taking such actions at regularly scheduled meetings, the Committee seeks to avoid even the possibility that there could be an appearance that the grant timing was manipulated to affect the value of the awards. We do not have any program, plan or practice to coordinate stock option grants with the release by us of material non-public information or any other investor relations activities.

Employee Benefits and Perquisites

In order to attract, retain and pay market levels of compensation, we provide our named executive officers and other employees the following benefits and perquisites.

Medical Insurance. The Company makes available to each named executive officer and their spouses and children such health, dental and vision insurance coverage as the Company may from time to time make available to its other corporate employees. A portion of the insurance coverage is paid by the Company.

Life Insurance. The Company provides each named executive officer such life insurance as the Company may from time to time make available to its other executives of the same level of employment.

Relocation Costs. Due to the Storage USA acquisition in 2005, it was necessary for certain employees to relocate to Salt Lake City, Utah. Relocations costs were paid by the Company for such moves.

Pension Benefits. We do not provide defined benefit pension arrangements or post-retirement health coverage for our executives or employees. Our executive officers are eligible to participate in our 401(k) contributory defined contribution plan. The Company currently matches 100% of the first three percent of an employee's compensation contributed by each employee to our 401(k) plan and then 50% of the next two percent of an employee's compensation contributed.

Nonqualified Deferred Compensation. We have not established any nonqualified defined contribution or other deferred compensation plans.

Other. We limit the perquisites that we make available to our executive officers, particularly in light of the potential for abuse associated with such perquisites. Our executives are entitled to few benefits that are not otherwise available to all of our employees. The aggregate value of these other benefits was less than \$10,000 for each executive officer in the last fiscal year.

Post-Termination Benefits

We believe that reasonable severance benefits for our named executive officers are important because it may be difficult for our named executive officers to find comparable employment within a short period of time following certain qualifying terminations. Accordingly, the employment agreements we have entered into with our named executive officers provide for severance benefits in specified circumstances. These employment agreements are described below.

Policy Regarding Tax Deductibility of Compensation

Section 162(m) of the Internal Revenue Code generally disallows a tax deduction to public companies for compensation in excess of \$1 million paid to the company's chief executive officer and four other most highly paid executive officers. Qualifying performance-based compensation will not be subject to the deduction limitation if certain requirements are met.

The non-performance based compensation paid in cash to our named executive officers in 2006 did not exceed the \$1 million limit per officer, and the Committee does not anticipate that the non-performance based compensation to be paid in cash to our executive officers for 2007 will exceed that limit. In addition, our equity incentive plan has been structured so that any compensation paid in connection with the exercise of option grants under that plan, with an exercise price equal to the fair market value of the option shares on the grant date will qualify as performance-based compensation. Therefore, it will not be subject to the \$1 million deduction limitation.

We periodically review the potential consequences of Section 162(m) and may structure the performance-based portion of our executive compensation to comply with certain exemptions in Section 162(m). However, we reserve the right to use our judgment to authorize compensation payments that do not comply with the exemptions in Section 162(m) when we believe that such payments are appropriate and in the best interests of stockholders, after taking into consideration changing business conditions or the officer's performance.

MATTERS THAT MAY BE BROUGHT BEFORE THE ANNUAL MEETING

Item 1. Election of Directors

Nominees

In accordance with the provisions of our charter and bylaws, each member of the board of directors is elected at the annual meeting. Each member of the board of directors elected will serve for a term expiring at the annual meeting of stockholders in 2008, and until his successor has been duly elected and qualifies or until his earlier resignation or removal. Messrs. Kenneth M. Woolley, Anthony Fanticola, Hugh W. Horne, Spencer F. Kirk, Joseph D. Margolis, Roger B. Porter and K. Fred Skousen are the board of directors nominees for election.

Each of the nominees has consented to serve if elected. If, before the annual meeting, any of them becomes unable to serve, or chooses not to serve, the board of directors may nominate a substitute. If that happens, the persons named as proxies on the proxy card will vote for the substitute.

Biographical information about each of the nominees is found at the beginning of this proxy statement. See “Information about the Board of Directors and its Committees—Nominees for Directors.”

Recommendation of the Board of Directors:

Our board of directors recommends that you vote FOR the election of Messrs. Kenneth M. Woolley, Anthony Fanticola, Hugh W. Horne, Spencer F. Kirk, Joseph D. Margolis, Roger B. Porter and K. We have been advised by Ernst & Young LLP that it is a registered public accounting firm with the Public Company Accounting Oversight Board (the "PCAOB") and complies with the auditing, quality control and independence standards and rules of the PCAOB and the SEC.

Our charter and bylaws do not require that stockholders ratify the appointment of the independent registered public accounting firm. We are submitting the appointment for ratification because the board of directors believes it is a matter of good corporate practice. If our stockholders do not ratify the appointment, the Audit Committee will reconsider whether or not to retain Ernst & Young LLP, but may still retain them.

4. The members of the Committee will be appointed, removed and replaced by, and in the sole discretion of, the Board.
